## ATHER EMBARRASSED

Probers Told \$1,000,000  
Collected by Group

Washington, May 20.—(P)—Dr. E. Townsend told a house investigating committee today that "in the neighborhood of a million dollars" has been collected by the Townsend old age pension organization since its inception.

Asked what the contributors received in return, Dr. Townsend said they "got our organization which is exactly what they paid for."

"We have 8,000 clubs throughout the country and a live working organization," Dr. Townsend said.

Old Age Revolving Pensions, Inc., was incorporated early in 1934.

In contrast to the crowd which thronged the hearing room yesterday, there were only about a hundred spectators on hand when the session opened for Dr. Townsend's second day on the stand.

James R. Sullivan, committee counsel, brought out in questions that Walter, known as "Sparkplug" Varmbold, who headed the "Townsend Caravan" when it left California for Washington, was relieved of his leadership in Oklahoma.

Sullivan asserted "bathing beauties" were on caravan cars when they left California, and that George Smith, Oklahoma Townsend director, spent \$1,100 of Townsend funds for "fire water" for Indians in Oklahoma.

Dr. Townsend said he knew nothing of what happened to the caravan in Oklahoma except he understood "there were some difficulties."

Smith, Sullivan explained, is a Townsend candidate for United States senator from Oklahoma. He contended Townsend funds were being used to "build up" Smith's candidacy.

Drought Menaces Crops  
In Southeast States

Atlanta, May 20.—(P)—Drought menaces tobacco, cotton and general farm crops in the southeast today.

Serious conditions prevailed over large portions of Georgia, the Carolinas, Alabama and Eastern Tennessee.

Damage was apparent in many places but state farm officials were unwilling to risk any definite estimates on the loss. It was agreed that good rains in the next week or two probably would keep the damage from reaching disaster proportions.

## LAST MINUTE NEWS FLASHES

Salt Lake City, May 20.—(P)—Housekeepers in six western and midwestern states were confronted with a second spring cleaning job today, the result of dust storms borne to some sections with damaging winds.

The affected area included parts of Utah, Idaho, Nevada, Wyoming, Colorado and Kansas.

Columbus, O., May 20.—(P)—State government employees disloyal to the Ohio Democratic organization, Chairman Francis E. Poulson asserted today, "will have to go."

He confirmed reports that an inquiry is being made to learn whether non-classified state employees voted for or against Gov. Martin L. Davey in last week's primary.

Cleveland, May 20.—(P)—L. W. Greve, president of the National Air races, announced today the 1936 air classic will not be held here, the race in five of the last seven years.

Grading and sewer construction work at the Cleveland airport, he said, caused race officials to decide against this city.

Columbus, O., May 20.—(P)—Gov. Martin L. Davey has commissioned J. J. Urschel of Toledo, a "commodore of the navy of the Great State of Ohio" it was announced at the executive office today. He will remain a "commodore" at the pleasure of the governor.

Manchester, Eng., May 20.—(P)—Mrs. Violet Van Der Elst, blonde and militant foe of capital punishment, was fined 3 pounds (\$15) in police court today for refusing to stop her automobile during a demonstration, while Dr. Bruce Ruxton, murderer of two women, was being executed May 12.

Youngstown, O., May 20.—(P)—A community airport covering 1,000 acres at Vienna, O., in Trumbull county, is envisioned in a project being pressed by the Chamber of Commerce of Youngstown and Warren, with a WPA appropriation of \$300,000 for its development already applied for, an announcement by the chambers said today.

Los Angeles, May 20.—(P)—Pay Webb of the screen won a divorce today from Rudy Valee after testifying her life with him was a series of emotional climaxes.

Scene in an Omaha, Neb., street showing hail and debris

Extensive crop and property damage and injury to eight persons resulted when a terrific wind and hail storm swept across the Omaha-Neb.-Council Bluffs, Iowa, area. In some places the hail drifted four feet deep, although the 70-mile-an-hour wind did most of the damage. In this photo of an Omaha street you can see the piles of hail and debris which forced traffic to be rerouted.

## Only Small Crowd at Lakelhurst When Giant Dirigible in Commercial Service Lands After Battle with Head Winds

Lakehurst, N. J., May 20.—(P)—The German dirigible Hindenburg was grounded at the Lakehurst naval air station at 6:03 a. m. (E. S. T.) today, completing its second commercial westward crossing of the north Atlantic in 78 hours, 27 minutes.

The landing was effected without incident. At 6 o'clock, the first landing lines were dropped from the great airship's nose and seconds later other lines were thrown from the tail. The ground crew quickly pulled the Zeppelin to the ground.

Only a few hundred people watched the arrival.

At 6:13 o'clock, the ship was safely tied up at the outdoor mooring mast about a quarter mile from the air station hangar. It was to remain outside during its scheduled brief stay, with reservicing operations being conducted at the mast.

Clarence W. Dick, Lorain county sheriff, and Cleveland police took the accused pair, Edward Gromand, 22, and Anthony Papes, 22, into custody yesterday, and later employees of the bank identified them.

Both are on parole from the Mansfield reformatory.

Victims in ten other recent robberies of Ohio banks and loan companies where a total of \$12,000 was obtained, were to view the pair in police lineups today.

"GENERAL" COXEY  
WILL BE CANDIDATE

Massillon, Ohio, (P)—"General" Jacob S. Coxey, back after a year in Jackson, Mich., said Wednesday he would be a congressional candidate next fall as a Townsend pension advocate in the 16th District.

The 85-year-old former Massillon mayor, who led the march of Coxey's "army" on Washington in 1894, also is a Farmer-Labor candidate for president and seeks to have the party placed on the Ohio ballot by obtaining 21,821 signatures on petitions.

City Civil Service Court  
Takes Action After  
Ouster Hearing

Fire Chief Earl Leach went back on duty at the fire department Wednesday morning after being reinstated by the Civil Service Commission at a meeting held in the city building Tuesday night.

Meanwhile, the Civil Service Commission, composed of Henry Sparks, Ed R. Hunt and A. W. Duff announced Wednesday morning that a formal statement regarding their action would be ready late Wednesday afternoon.

While the Civil Service Commission members would not disclose the details of their decision, it is understood that under the terms of Leach's reinstatement he will be chief of the department until June 1, and then will become one of the regular firemen, and George Hall, who has been the acting chief of the department since Leach was suspended, will become the regular chief. In another year or two Leach, under the law, is eligible for retirement on a pension.

It is also understood that Vaden Long, who was named to the department after Leach was suspended, will continue on the force, giving the department six men instead of five, so that the department need not be short at any time.

In this connection it was announced a short time ago by City Manager G. H. Sollars that he has planned to have an assistant chief and captain, so that there will be a ranking officer on duty at all times, and no questions as to who is in command.

Following Leach's suspension by the City Manager and contest of his dismissal, the case was submitted to the Civil Service Commission to determine whether the steps leading up to his dismissal had been legal.

In the meantime there have been efforts for a compromise agreement, such as apparently was reached at the session Tuesday night, and which resulted in the reinstatement of the chief with disciplinary measures attached.

"PROFS" Renounce Union  
In Order To Keep Jobs

Memphis, Tenn., (P)—Memphis bowed to the city administration Wednesday, dropping their union affiliation rather than lost their jobs.

In a closed meeting the Memphis Teachers' Association accepted the ultimatum of the city administration and the school board and surrendered the group's charter as an affiliate of the American Federation of Labor.

FARMER CHOKES WIFE WHO  
DESERTED ROOSEVELT.

McArthur, O., May 20.—(P)—Judge W. J. Jones put Earl Rafferty, Jackson township farmer, on probation yesterday after Mrs. Rafferty charged he choked her for refusing to vote for President Roosevelt in last week's primary.

Mrs. Margie Dill asserted in her suit that the former senator and her mother-in-law arranged an illegal operation in Washington, D. C., a month after her marriage.

Wendell Dill denied that his mother or his uncle had anything to do with arranging the alleged operation and said he knew of no acts or statements by either which would alienate his affections from his young wife.

Appearing on the stand in the crowded courtroom nattily dressed, Wendell said his courtship with Margie resumed two to three months before their graduation.

## ELEVEN STUDENTS GRADUATED FROM NEW HOLLAND HIGH SCHOOL

L. W. Reese Is Speaker at Graduation Exercises—Twenty-eight Promoted from Eighth Grade

New Holland, May 20—(Special)—Eleven students were graduated from New Holland High School at the annual Commencement exercises held at the school auditorium Tuesday night.

L. W. Reese, superintendent of the Washington C. H. city schools, gave the principal address of the evening program.

His subject was: "Allow Me To Present the Present Generation—And Their Trial Flights." The speaker, in his address to the graduates and the large crowd of relatives and friends, talked on good citizenship and its merits.

The class president, Jean Mossbarger, acted as Valedictorian while the Salutatorian address was given by Herbert Dennis.

The students that were graduated as the Class of 1936 were: Jean Mossbarger, Herbert Dennis, Anna-Louis, Mary Ellen Hulett, Ellen Jean Lewis, Betty Morris, Delores Shipley, Marvada Stokey, Cornelius Heilrich, Charles Ater, and Everett Landman.

The Supt. of County Schools, G. M. McDowell, presented the students with diplomas. Jean Mossbarger was awarded a scholarship to Wilmington College by the New

### Governors of Seven States Invited to Attend Conference in Cincinnati

Cincinnati, May 20—(AP)—Gov. Martin E. Davey took the lead today in an effort to crystallize sentiment in Washington in favor of anti-stream pollution legislation which spokesmen claim would benefit seven states in the Ohio valley.

In a telephone conversation with Hudson Biery, chairman of a civic committee active in the fight, Gov. Davey said he had invited Gov. A. B. Chandler of Kentucky, and would invite Gov. Paul V. McNutt of Indiana to attend a conference here later this week, to discuss plans for a demonstration in Washington May 29.

**PLAN ENDORSED**  
Washington, May 20—(AP)—The national resources committee gave its endorsement today to a proposed compact among Ohio Valley states as a step toward elimination of Ohio river pollution.

Charles W. Wilot, 2nd, executive officer of the committee, told the House from Ohio and Kentucky committee at a hearing on stream pollution measure, he believed the compact system was practical for the Ohio.

Officials from Cincinnati and Louisville, and members of the House from Ohio and Kentucky appeared to urge action on bills introduced by Representative Hollister (R-Ohio). In addition to a state compact agreement, Hollister offered bills to authorize either the public health service or the army engineers to supervise efforts to rid the river of pollution. He said he felt the committee should make a decision as to which department should have supervision.

The Millers were former Fayette County residents, settling in Kansas nearly fifty years ago. Mr. Miller's death occurred in 1916. Mr. and Mrs. Miller had large farming interests in Kansas and several oil wells on their holdings.

Mrs. Miller and her daughter visited with Ohio relatives last October. No funeral arrangements were included in the brief message.

**WILSON WILL RESIGN AT WESTERN RESERVE**  
Cleveland.—(AP)—Sidney S. Wilson, 71, secretary and treasurer of Western Reserve University, will resign June 30, the university announced Wednesday. Wilson served a year beyond the customary retirement age of 70 at the request of the board of trustees.

### MISS JENNIE MCCOY DIES LATE TUESDAY

#### INTERMENT WILL BE MADE AT BLOOMINGBURG

Miss Jennie L. McCoy, 77, native of Bloomingburg, but who had resided in Washington D. C. for 35 years where she was for many years employed in the Census Department, died in that city Tuesday afternoon at 4:45 o'clock.

Miss McCoy fell and fractured her hip about two months ago and had been in a serious condition since that time. She is survived by one brother, Frank, of Bloomingburg.

The body will be sent to this city and taken to the Klever Funeral Home, and interment will be made in the Bloomingburg cemetery.

Funeral plans have not been completed.

### PROMOTION PLANS AT MARION SCHOOL

Eighth grade promotion exercises will be conducted at the school building on Friday evening, May 22 at 8 o'clock.

Rev. J. A. Goddard of the Church of Christ this city will deliver the address.

Entertainment features will consist of various choruses including all the pupils of the school. Mrs. Amy Hudson formerly director of music in the Washington C. H. schools, will be in charge of the music program.

Pupils being promoted to high school are as follows: Margaret Miller, James Marvin, Clara McBrayer, Leonard Slager.

The public is cordially invited to attend these exercises.

### MILKY WATER DUE TO AIR IN MAINS

The extremely milky condition of the city water during the past few days, which has been the cause of many complaints, has been due to air in the city mains as result of installation of water hydrants recently, it seems.

The presence of the air in the water has made it very unsatisfactory for drinking purposes, but if the water is allowed to stand a short time it is cleared of air and resumes its normal clearness.

The last hydrant to be moved in Columbus avenue, which is being widened, will be changed within a day or two, it was stated Wednesday afternoon.

### CHARLOTTE BOOGGS CLAIMED BY DEATH

Charlotte Boggs, 10, daughter of Mr. and Mrs. Samuel Boggs, died in St. Francis Hospital at Columbus, Tuesday night at 11 o'clock.

The family resides on the Anderson road, eight miles south of this city.

Funeral services will be held Friday afternoon at two o'clock at White Oak Church near Buena Vista, and interment in the adjacent cemetery will be made under direction of the Littleton Funeral Home.

### RECEIVE NO WORD FROM STOLEN AUTO

So far no word has been received of the Ford sedan, owned by Attorney Charles H. Friend, which was stolen from the street in this city shortly before noon Saturday.

Officers believe if the car is located it will be found a long distance from this city.

### DIVORCES GRANTED

Two divorces were granted in Common Pleas Court, Wednesday.

The first was in the case of Harry Crawford against Ethel Crawford, on grounds of gross neglect of duty. Plaintiff awarded custody of child.

The second was that of Essie Friend against Logan Friend on grounds of neglect of duty, and plaintiff is restored to her maiden name of Essie Kuhn.

### MOST OF THE CORN HAS BEEN PLANTED

#### SOME WILL SOON BE READY TO CULTIVATE

Most of Fayette county's corn acreage has been planted, although it will be several days before the final planting is completed.

The first planting is now about ready for cultivation, and first plowing will be done within a few days.

A number of farmers have been compelled to plant their fields a second time, due to the fact that they failed to make proper tests of their corn, and very little of the corn planted possessed any germinating power.

### THINK COW STOLEN

Police Wednesday were asked to locate a light Jersey cow which had disappeared from the Steffy farm a mile east of this city, on Lover's Lane road.

A search of the vicinity of the farm failed to disclose the whereabouts of the animal, which, it is believed, was stolen.

## And That's That

Mr. Hoover has been more actively and intensively campaigning, against the present national administration, than any other one of the republican leaders, and it is not surprising that people were led to believe that he aspired to the republican nomination himself.

Speaking at Chicago Tuesday, Mr. Hoover said: "It should be quite evident by this time that I am not a candidate."

Of course, if the former president had gone farther and said neither will I accept the nomination if it is offered to me, it would have been more specific. Not having said that, there is nothing, of course, to prevent the former president accepting the republican nomination if it is tendered to him.

At that, however, we have his emphatic statement, that he is not a candidate. That's more specific than President Coolidge's laconic, "I do not choose to run" statement which caused no end of comment and doubt and left the political leaders in a state of mystification which Mr. Coolidge declined to dispel by any further statement.

## Resettlement Hereabouts

The government is proceeding with its resettlement work hereabouts. The plan of this activity is to purchase unused fertile lands, sell small tracts, at a reasonable price and on long time, interest loans to people who are struggling along to eke out an existence on poor land, abandon the poor land to nature and permit nature to go ahead with her plans of reforestation, replenishing the buffalo grass and other vegetation peculiar and necessary to that kind of land, thus building up our natural resources and at the same time providing millions of people with land that will enable them to make a living and "get ahead".

Hereabouts, when we think about "unoccupied" land we don't realize that we have many hundreds of acres of it right here in Fayette and adjoining counties. We think of such land as laying at distant parts of the country—land that is not so good for farming.

As a matter of fact there are hundreds of acres right at our own doors that are not serving humanity and it is that land—fertile land—that the government is buying up for—in a sense—homesteading.

## "Our Playgrounds"

Our new public playground, or athletic field, or whatever one prefers to call it, now nearing completion at Main street and Circle avenue, is "getting quite a play." Which means that already the young folks are using it to good advantage.

The tennis courts are populated by the boys and girls from very early in the morning until it is too dark in the evening, to see the white tennis ball as it is driven over the net, or under it if the player's serving is not accurate in stroke.

It is a beautiful place already, even though there is much yet to be done before the work is finished according to plans.

When it was first suggested to construct such a "field" we were a bit skeptical, we confess, as to whether it would be used. From the way the young folks are using it, however, even before the work is completed, we are compelled to revise our early opinion and are glad to do so.

It is quite a pretentious undertaking and will, when completed be one of the most attractive and beautiful places in the city.

The idea underlying the project is sound and the theory should, it seems to us now, be proven correct by the practical benefits.

It is intended by the construction of the "field" or playgrounds to provide a place where the young folks can work off a bit of their surplus energy. Youth must have an outlet for its energy and if wholesome amusement and a place to exercise is not provided, such as this place provides them, that energy will find an outlet somewhere else, and, sometimes, in directions not so beneficial to either the young folks or the public.

## Charles P. Stewart Says:

## CAN ITALY BORROW MONEY IT REQUIRES?

By CHARLES P. STEWART

Washington, May 20—Commerce department officials hear that Premier Mussolini already has agents abroad seeking foreign loans to exploit Ethiopia.

They think that Ethiopia finally will prove to be a liability.

But momentarily, from the stand-point of prestige, they agree that it is a huge asset.

## DANGER MAY SPREAD

The United States is not immediately concerned.

It will be, however.

Italy cannot get conveniently to its new dependency except through the Suez canal. Britain can close it. Technically it is not entitled to do so—but, in an emergency, who cares for technicalities? Today the British are mobilizing in the eastern Mediterranean.

Let a war start there and it will not be a war exclusively between the Italians and the British.

## DO YOU KNOW

That through the American Legion Auxiliary poppy program more than \$100,000 is paid annually to needy and disabled service men and women for making the poppies?

That proceeds from the sale of over 10,000,000 poppies are annually under the guidance of the American Legion auxiliary amount to more than \$1,000,000, every penny of which is devoted to rehabilitation work by both the Legion and Auxiliary, which includes aid to the needy veterans and their families?

The method of distribution varies in our fifty-two Departments, depending upon the nature of the demands for help. Each of 8,700 units in communities scattered all over the United States, its territorial possessions and in foreign countries where veterans reside, maintains a Rehabilitation Committee working under a chairman, and a Child Welfare Committee with its chairman, and these units chairmen are assisted by a state chairman of similar committees, who in turn work under the guidance and help of a National Rehabilitation chairman and a National Child Welfare chairman.

Another complication threatens. As was to have been expected, although Haile Selassie is gone, Ethiopian outlaws continue to loot here, there and everywhere.

Foreign sojourners' lives and properties are endangered and Italy has assumed the responsibility of protecting them. Indications are that Italy will not be in a position to give this protection on into the indefinite future.

Mussolini may find that he has bitten off more than he can chew, as one Washington diplomat, speaking in the American vernacular, expressed it.

## WRONG GUESS

It Duce, to tell the truth, went much farther than Old World statesmanship had anticipated.

What it had hoped for, encouraged by military forecasts, was that the campaign, delayed by guerrilla warfare and rainy seasons, would drag on so long that Italians would wilt under the financial burden of it, and have to compromise.

The big powers looked for a cutting up of Ethiopia among them.

Or, they thought, Mussolini would be satisfied with a mere mouthful of the African kingdom, leaving the remainder to Haile Selassie.

If they had sensed the danger that he would grab the whole thing, unquestionably they would have resisted him more strongly—physically, maybe. Even yet they do not believe that he counted on so complete a conquest. Pure blind luck, they reckon, was with him.

## Piles All Gone

Without Salves or Cutting

Itching, bleeding, protruding piles go quickly, if you remove the cause, Bad blood circulation in the hemorrhoidal veins causes piles by making the affected parts weak, flabby, and lifeless. Salves and cutting often fail because only an internal medicine can actually correct these conditions. Dr. J. S. Leonardhdiscovered a real internal Pile medicine. After a fine record of success with it in his own practice, he named it HEM-ROID. All druggists invite every Pile sufferer to try HEM-ROID with guarantee of money back if not joyfully satisfied with the help one bottle gives.

## Poetry For Today

SLEEP ON

(Author Unknown)

Sleep on in peace ye valiant deed!  
We kept the faith; and overhead  
The guns have ceased, the din has  
passedNow, in their place is heard at last  
The carol of the lark instead,  
And we who caught the torch ye  
threw,Shall strive to hold it high that you  
Shall sleep, and all your sacrifice  
For peace among us, shall suffice.  
Though years shall pass, yet we  
who stayed,Shall not forget the price you paid.  
So shall our faith, till time is done,  
Be constant as the setting sun  
O'er Flanders' Fields.High Spots  
In Ohio HistoryFrom the Galbraith collection of  
Ohio Histories. Written for the  
Associated Press.The first corporation formed with  
a view to building a toll road in  
Central Ohio—in Franklin County,  
was the Columbus & Sandusky Turnpike Company, chartered by  
the legislature January, 1826.It took eight years to build the  
road and it was finished in 1934. It  
was 106 miles in length and had  
cost \$701 per mile.The road soon began to go to  
pieces and there were many com-  
plaints from patrons. Mobs of pat-  
rons tore the toll-houses down. The  
legislature took away the charter,  
depriving the road company of its  
right to collect tolls, but some col-  
lectors exacted pay just the same.

## Dinner Stories

IT DOES OCCUR

A woman, after much persuasion,  
finally decided to have an electric  
refrigerator installed in her home,  
to replace the old-fashioned refrig-  
erator and daily delivery of ice.  
She was assured that the expense  
of running it would be no more than  
the buying of ice.The first month her bill was very  
high, and she called the salesman  
for an explanation. He agreed that  
the amount was excessive. He had  
the apparatus examined by one of  
the mechanics, and promised a  
much lower bill for the next month.  
When the bill for the second month  
arrived, it was even larger than the  
first one.An expert was sent to the home,  
and arrived unannounced. He asked  
to be shown the machine at once.  
When he and the housewife entered  
the kitchen, what was their surprise  
to find the door of the refrigerator  
wide open! And Amanda, the maid  
was standing directly in front of it,  
ironing and singing happily!When questioned, she replied:  
"Oh, yassur, ah always open the do-  
or, when ah irons. It give me such a  
nice breeze on mah back."

# The Woman's Page

HE Fayette County Garden Club sponsored a special meeting at the Cherry Hotel, Tuesday afternoon, which was of outstanding interest and gave to each club member an immense amount of information. Victor Reis, of the extension department of Floriculture, to State University, responded to the request of the Fayette county club and conducted "a school of flowers" which was most instructive. The large private dining room of the Cherry Hotel was filled, besides a large attendance of Fayette County Garden Club members there was a delegation from the Ross County Federation Garden clubs, from the Chillicothe club, the Parkersburg club, and the Jeffersonville club. Accepting the invitation of the local club, a number of flower lovers, not members of clubs, were also in attendance.

The Fayette County club put on a very display of flowers grown by members. It was arranged on a long table down the center of the room, and the perfection of form and the wealth of color, called forth unstinted admiration and avoided illustrations for the speaker. Mrs. George W. Wakefield, president of the Fayette county club, greeted the guests and introduced Mr. Victor Reis, and also Mr. W. W. Montgomery, Fayette County Agent, who had cooperated with the Garden club in bringing Mr. Reis from Ohio State University, and Miss Dorothy Dexter, Farm Bureau Extension worker.

Mr. Reis elaborated the subject, Planning a Flower Show, convincing his listeners that a flower show built up on his advice could not fail to be a success. He advised that the general Flower Show Committee be appointed at least two months in advance, and that all active club members participate as exhibitors or as committee workers.

After outlining the duties and systems to be carried out in a successful flower show, Mr. Reis gave plans for the layout of the show. He said in part: "Place all tables and exhibits parallel with walls, not diagonally. Allow ample width to aisles. Gardens should be given sufficient space to view them from a distance, and should have an adequate background. For long stemmed specimen flowers and tall arrangements use lower tables."

The speaker advised in "making a flower show schedule; in specimen flowers; in artistic arrangements, flower pictures and children's exhibits."

At the close of Mr. Reis' lecture, Mr. Montgomery made a short talk on the flower growing success of the 4-H clubs and children's gardens.

The president expressed the club's gratitude to Mr. Reis and Mr. Montgomery and his assistant, Mrs. Wakefield also extended the appreciation of the club to Mr. C. Howard Griffis for his courtesy in donating the use of the hotel dining room for the lecture.

The announcement was made that the Ross County Flower Show will be held in the Armory at Chillicothe city park on June 6 and 7.

The Fayette County Flower Show is dated for June 4 and will be open to the entire county. Definite plans will be announced later by the committee, Mrs. Gilbert Adams, chairman, Mrs. E. L. Bush, Mrs. Max G. Dice, Mrs. Earl Powell, Mrs. Gladys Keller, Miss Bess Cleaveland.

Chillicothe women, representing the Ross Co. Federation Garden Clubs, in attendance were Mrs. H. Edgar Frank, Mrs. Charles O'Donnell, Mrs. James McVicker; and from the Clarksville club were Mrs. Carl B. Genhart, Mrs. Nelle Hughes, Miss Ruth Hostetler, Mrs. Harvey Heiser, Mrs. R. H. Templin, Mrs. Della Dawson, Mrs. Guy Zurmerly. The Jeffersonville Garden Club was also well represented.

The bridge game progressed gaily throughout the evening with the attractive club prize won by Mrs. Richard Jacobs and the guest favor by Miss Hudson.

Dainty little pink filling crystal baskets centered the three small tables for the serving of a delicious collation.

Eighteen members of the Leadership Training class of the First Presbyterian church motored out to the attractive Summers cottage at Rock Mills Tuesday evening for a steak supper. The delicious steaks were cooked on the big outdoor oven and were supplemented by just the right accessory viands.

Following the supper hour, the class was engaged in sewing for the needy family adopted by the class. The picnickers were accompanied by Mrs. Haines Reichel, leader of the group, and Mrs. Walter Patton, assistant.

The hostesses arranged a number of clever contests for the social hour and awarded prizes to Miss Alice Brownell, Miss Dorothy Sparks, Miss Georgiana Mark and Miss Frances White.

The small tables were centered with pretty bouquets of spring garden flowers for the serving of delicious refreshments.

Mrs. Paul Strigle entertained her dessert-bridge club very pleasantly Tuesday afternoon and included Mrs. Ted Ottinger as a guest.

A delicious dessert course was served at half past one, the large table centered with a water garden of iris and bachelor buttons.

Mrs. S. S. Boren, Mrs. Strigle and Mrs. Albert Flowers won the club trophies and the hostess presented a guest favor to Mrs. Ottinger.

The meeting was followed by a social hour, in which Mrs. Evans served delicious refreshments.

Mrs. Lee E. Moore, of Zanesville, Department Secretary of the Ohio American Legion Auxiliary, was a guest at the Cherry Hotel over Tuesday night and on Wednesday morning accompanied Mrs. W. B. Hyer, District President, Mrs. E. L. Williams, Mrs. Albert Barney, Mrs. S. S. Boren, Mrs. Earl Leach, Mrs. Fred Carlson and Mrs. Sam Parrett to West Union, Ohio, for the district conference.

The Bloomingburg High School Juniors proved themselves delightful hosts and hostesses in entertaining the Junior-Senior banquet Tuesday evening. Members of the two classes and the faculty, numbering fifty, were seated in the school gymnasium at half past six o'clock. Miss Edith DeWees was the acting hostess and greeted the arrivals.

A star motif was effectively carried out in the decorating, a dropped ceiling combining the two class colors—blue and gold and orchid and gold—hung with colored lights and festive balloons. The large U-shaped table was appointed artistically with yellow rosebuds and gold candles. Favors in blue and gold marked each cover.

The Friendship Circle of the Methodist Episcopal church, under the chairmanship of Mrs. Walter Noble, served the delicious three-course banquet.

Charles Pensyl was the clever young toastmaster, with toasts offered by Howard Williams, Junior class president, Robert Hains, Senior president, Rev. John Glenn and Supt. O. O. Bush. The dinner program included the class history by Donald Friend, the class poem by Jean Garinger, the class prophecy by Helen Housman, and the class will by Jeanne Thornton. Rev. O. P. Smith pronounced the invocation.

Robert Hains, in his excellent farewell address, presented a gift to Mrs. Martin G. Morris, for her capable direction of the Senior class play. Mrs. Morris is advisor for the Junior class and assisted in the banquet arrangements.

The festivities of the long-to-be-remembered evening were rounded out with dancing to a Mt. Sterling orchestra.

Miss Waunita Gerstner assembled the eight members of her bridge club for a delightful session Tuesday evening and included an additional table of guests—Miss Emily Rowe, Miss Dorothy Hudson, Mrs. Paul Strigle and Mrs. Selby P. Gerstner.

## Culotte Is the Rage For Sports Activities

### Divided Skirt Shares Spot With Shorts for Playtime Wearing Apparel

By LISBETH

FOR SOME playtime is all the year around; but for the many it comes, like Christmas, but once a year.

Shorts have been worn for some seasons for active sports, but this season the divided skirt (the culotte) has stepped right into the spotlight for all the games—from bicycling to golf.

The shorts costume is by no means out of the picture, however. Shorts are short or "bigger and better than ever"—meaning longer. A very chic costume consisting of skirt, shorts and shirt is pictured worn by pretty young Jane Hamilton, one of the newer names in films. She is all set to play tennis. The costume is a three-piece, consisting of shirtwaist with a "gaucho" collar, turnover with long points; trimly tailored and pleated shorts with a wide band fastened on the hips with six-sided pearl buttons matching those used to button the skirt, which, by the way, does not appear in our illustration. The entire ensemble is made of white silk sharkskin.

#### CULOTTE IN CHECKED COTTON

The checked culotte of the photograph is in a heavy cotton with contrasting belt and scarf in yellow, gray or blue. The young woman combines this with pink gloves, and a felt pancake beret, from Bonwit Teller.

These divided skirt costumes sometimes go nautical and one was seen in skipper blue novelty cotton with white stripes on the skirt, star buttons, a pocket which sports a ship's wheel, and sailor collar. It

makes a very chic costume for the girl who is spending her vacation at the seashore and doing a lot of boating.

A whimsy of fashion is that veils have invaded the sports field and are worn as trimming on some few hats that are worn with strictly sports clothes. Checks in suits and separate coats are seen a great deal at all the small sports events.

Lounging pajamas are no longer the smartest term to describe those comfortable costumes. You may refer to your pajama outfit as a "loafing outfit", if you prefer the term. Three-piece models are chic in knitted wool.

White pigskin will be very much in evidence this summer in shoes, gloves and belts. While many women got hats, it is smart this season to wear something on the head, even if it is only ribbon rosettes.

# FAMILY OF NINE WANTS TO TRADE HUT ON WHEELS FOR FARM HOUSE

Camden, Tenn. (AP)—If David at her flour-sack skirt, smiled, too—but their smiles vanished quickly. The mother and smaller children go barefoot. Printed words on flour and meal sacks may be read on the shapeless garments in which the mother and 10-year-old girl are clothed.

Because it will mean that for the first time in months they actually will be living in a house—not in the "tin-covered hut on wheels" as Maynard describes his family's present abode.

Investigators of the resettlement administration found this hut to be built of rough board on the wheels and chassis of a junked motor truck. The roof is of assorted pieces of scrap tin and the shack measures 12 by 7 feet.

**BED IS ONLY FURNITURE**  
The hut's only piece of furniture is a bed upon which Maynard and his wife sleep. The children sleep on the floor and there would be no room for additional furniture if the Maynards owned any.

The sharecropper says he never learned to read or write but is proud that he can "count up to seven," the number of his children, ranging in ages from 15 months to 15 years. His wife, Zella, says she can read "a little."

Maynard says he and his two oldest sons earn a living by cutting wood at 90 cents a "rick." They turn out a "rick" and one-half a day.

He told investigators he is a sharecropper but cuts woods because "I can earn a little money at it."

**MOTHER GOES BAREFOOT**  
Maynard frankly admits that none of his children is schooled beyond the first reader. Pointing to the boarded-up hut, he said:

"This ain't mine. The landlord sent for me to cut wood on his place and furnished it for us to live in. I ain't got nothin' but the old lady and children." He smiled.

His wife and children, tugging at

Ward Crowell George Crowell

Ward Crowell, 17, of Attica, Kas., was a happy boy when this photo was taken. It was because of his father, George (Pat) Crowell, that Gov. Alf M. Landon of Kansas, Republican presidential possibility, made the commencement address when Ward graduated from Attica high school. The elder Crowell was a classmate of Governor Landon at the University of Kansas. Governor Landon's address was broadcast nationally and his appearance created quite a wide stir in the quiet Kansas town.

Giants and Indians Play Before Small Turnouts Despite Positions

Lindstrom Announces He Has Quit Baseball

By HUGH S. FULLERTON, JR.

The rather unusual spectacle of two teams, in the middle of the battles for the lead in their respective leagues and both apparently unable to make the fans take notice, is to be seen in the major leagues these days.

They are the New York Giants and Cleveland Indians, second and third respectively in the standings. They've both had a few good gatherings, but Cleveland already is facing the spectacle of dwindling attendance while the New York attitude is that the often-injured Giants can't hold together for very long.

Fewer than 5,000 fans turned out yesterday to see the Tribe engage in a final "crucial" struggle with the league-leading New York Yankees and go down, 10 to 4.

The Giants were rained out in their final game against Pittsburgh and got a welcome breathing spell before tackling the St. Louis Cardinals, who led them by a half-game. The Cincinnati-Brooklyn and St. Louis-Phillies games also were postponed.

Cleveland's defeat gave the Detroit Tigers a chance to come closer to third place as Tommy Bridges found some of his best form and pitched them to a 4 to 2 victory over Washington while the Red Sox kept pace with the Yanks by pulling out a 4 to 2 decision over the Chicago White Sox. Rogers Hornsby's reviving Browns bowled over the Athletics 8 to 4. The day's other contest saw the Boston Bees beat out Chicago's Cubs 6 to 5.

Remaining idle didn't prevent the Dodgers from taking another one on the chin when Freddy Lindstrom, veteran outfielder, decided he wasn't doing himself or anyone else much good as a Brooklyn player and announced his retirement from baseball. He was signed by the Dodgers in January after being unconditionally released by the Cubs and had hit only .264 in 26 games. A leg injury suffered last Friday was believed to have prompted the decision.

The few fans who did turn out at Cleveland saw Pearson outlast George Blaeholder, despite his wildness, Lou Gehrig, Red Rolfe and Billy Sullivan belt homers and Bill Knickerbocker and Tony Lazzeri almost came to blows. Lazzeri thought Knickerbocker was unduly rough when Joe Di Maggio slid into second.

Bridges, hurling his third complete game of the season, limited the Senators to four hits and fanned five in a clash with Buck Newsom. Monte Stratton of the White Sox also pitched a four-hitter but Boston scored three runs in the second on Zeke Bonura's error, two passes, Oscar Melillo's hit and long fly. The Browns just breezed through as the batters who couldn't hit at all a few days ago belted Dusty Rhodes for five runs in six innings.

Boston's Bees had to conquer the elements as well as the National League champions. A wind, dust and rain storm delayed the game in the second inning and each team scored four runs in the third before Lou Warneke and Ray Benge could get warmed up again. Boston's winning runs came off Clay Bryant in the fourth.

Perroni Beats Crossky By Technical Knockout

Ravenna, May 20—(AP)—Patsy Perroni, Canton heavyweight, won a technical knockout over George Crossky of Philadelphia in the second round of a scheduled ten-round boxing match here last night. Perroni weighed 183, Crossky 182.

Their team score was 2,617. Top to bottom are Gladys Easty, Helen Martin, Mervin Watson, Marie Harsch and Bernette Snider.

### Michigan Golfers Romp to Title in Big Ten Tourney

NORTHWESTERN NOSES OUT ILLINOIS—OHIO STATE TRAILS IN SIXTH

Chicago, May 20—(AP)—For the fifth straight year Michigan's golfers rule their own particular sector of the west, the Big Ten.

Headed by Charles (Chuck) Kocis, who scored his second individual triumph, the Wolverines yesterday completed the job of running their lease on all the golf honors of the Western Conference to offer to an even half-decade.

Kocis finished his two days of firing over the Kildeer Country Club course with a 72 hole total of 286, good enough to lead a teammate, Woodrow Malloy, by five strokes.

The other two members of the Wolverines squad, Allen Saunders and Bill Barclay, backed up their front-running mates with scores of 308 and 305, for a team aggregate of 1190—just 50 strokes better than Northwestern's second place total of 1240.

Third individual place went to Wilbur Kokes of Illinois, who scored 295, while John (Pete) Wagner, Northwestern captain, landed fourth with 301. Wally Tait of Minnesota trailed Wagner by a single stroke.

Northwestern took runner-up honors by one stroke over Illinois, which had 1241.

Ohio State had 1272 for sixth.

## LIOS TROUNCHED BY SABINA

### MECHANICSBURG NEXT FOR BLUE LIONS

#### BLUE AND WHITE TEAM TO TAKE TO ROAD FOR FRIDAY TIFF

The Blue Lions, victors of 8 games in 11 starts, hope to boost up their win column Friday evening when they tangle with Mechanicsburg on the Champaign County lot.

Forbis, Bennett, or Lusher will hurl, with Bennett the most likely to get the starting nod in Friday's tiff.

The Sabina victory over the Lions Tuesday marked up the Washington C. H. team's losses to three. Others who have measured the Lions are Leesburg and Bloomingburg.

Meanwhile the Lions have taken victories from Portsmouth, Jackson, Columbus Academy, Leesburg, Mechanicsburg, Wayne and Jeffersonville twice.

District Title Holds No Fears for Visitors from Clinton-Co. Town

#### LIONS HELD TO 3 HITS

Victory Comes in Last Inning Rally

By DONALD EASTER

The Blue Lions, fresh from a successful conquest at the District Tournament in Athens, fell before Sabina, amid a general outbreak of pop-ups and other fly-balls, with a count of 4 to 2 Tuesday afternoon at Wilson Field.

In the first inning of the tiff, both teams accounted for one tally. The Lions scored again in the second, and Sabina knotted up the count 2 to 2 in the third.

The tally remained thusly until the last heat—the seventh—when three hits accounted for the two winning runs. In the Lions' part of the seventh the batters went down in order.

In the seventh, Cartright, Sabina backstop, hammered one out to left field. He stole second and went to third when Shadley was thrown out at first. The next man, Leisure, hit to left and scored Cartright. Leisure stole second and came in when Matson drove one out into center field for a double.

Lusher, on the slab for Washington C. H., was slugged for five base blows, all singles with the exception of Matson's double. During the seven innings Lusher struck out four visiting batters, walked three and allowed two to reach first on wild pitches.

Shadley, elbower for Sabina, was nicked for but three hits, all singles, by the Lions. He breezed down five with the count of three strikes and walked but two.

During the heat Washington C. H. batters were put out on fly balls nine times. Coupled with five strikeouts and three hits, the Sabins had four chances at ground balls, all of which they made good.

"But there's a difference between practice and actual competition," Townsend says. "When the boys are practicing they are relaxed...they don't play as hard as they do when every point counts."

Tournament play burns up a lot of energy...and if we permitted five sets tennis someone might overtax himself. That 'old college try' isn't a myth...for those boys would just wear themselves trying to win, even if they didn't have a chance...and the long route would be too much."

Coming up to the state track meet May 29 and 30 will be the cream of the athletes in the Buckeye domain...but they can't run wild and take a chance on overtaxing themselves. Perhaps they "could take it"....but the association refuses to take a chance.

That's why this rule...passed by the association...was written into the books:

"No boy shall participate in four events. He shall not take part in more than three track events. The relays shall be regarded as a track event."

"The boy who runs either the half-mile or the mile shall compete in only track events. A boy may run the half-mile and the mile, the half
